23rd World Championship Long Casting of Sea Weights (Seniors)
7th World Championship Long Casting of Sea Weights (Ladies)

Dear ladies and gentleman, guests and casting athletes,

it is an honor to the German Sea Fishing Association DMV (Deutscher Meeresanglerverband e.V.) to introduce the world of casting sports to Germany.

We would like to celebrate a week of sporting events and friendship above all borders with you as well as advertise a great sport, which is a pre-Olympic discipline for good reason.

We welcome you to Schleswig-Holstein, the most beautiful state bordering both the North and Baltic Seas, hopefully you'll find the time to get to know the "Country of Horizons"

Büdelndorf, a small and contemplative town near Rendsburg, will be the host city and venue

of the 23rd World Championships in Long Casting of Sea Weights of sea anglers "Seniors"

of the 7th World Championships in Long Casting of Sea Weights of sea anglers "Ladies"

between the 27th of September and the 4th of October 2020.

The German Sea Fishing Association DMV (Deutscher Meeresanglerverband e.V.) dedicates this World Championship to the former president and former FIPS-M (Fédération Internationale de la Pêche Sportive - Mer) president Hubert Waldheim, who passed away too early in 2018.

The DMV e.V. committee wishes all participants, functionaries and guests an unforgettable World Championship, supported by friendship and sporty cooperation.

The President
Marco Montieri

Welcoming speech from Büdelsdorfs major, Rainer Hinrichs

Welcome fishing enthusiast,

on behalf of the city of Büdelsdorf, I'm very happy to welcome all participants of the World Championship Long Casting of Sea Weights to our town.

The 23rd World Championship will take place this year during the 27th of September and 4th of October nearby Sehestedt, a village in our beautiful state, Schleswig-Holstein.

I'm very confident that the traditional hospitality of Schleswig-Holstein's inhabitants will be appreciated by all athletes, officials and coaches from all participating nations.

Schleswig-Holstein, the state between the seas, will more than meet all the expectations for such a great sporting event.

A special welcome goes out to all the judges, which will guide the competition with their tireless engagement and remarkable conscientiousness.

At the end I would like to thank the organizer, the local authorities, and all the journalists for their support and contributions to this event.

After such a long time, It makes me really happy to organize a world championship in our home county again.

To be part of the organisation process for this event makes me unspeakably proud, even considering the work that still waits ahead us.

We will organize everything for you, resulting in a beautiful week that you will experience with us up here in northrn Germany.

I'll see you in the field in September/October 2020 again.

With the best regards,

Jan Hinz

We will dedicate this World Championship to the former FIPS/M president Hubert Waldheim, who passed away much too early.

It was his biggest desire to bring this Casting World Championship to Germany.

Hubert, you'll be with us forever.

ESSENTIAL ANTI-DOPING ADVICE

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.
