Invitation

Dear President,

The Portuguese Federation of Sportive Fishing has the honour to invite the Clubs representing your Country, to take part in the 28th World Championship Shore Angling for Clubs, that will be held in Albufeira from 23th to 30th of October 2021.

Portugal is a welcoming place and sportive fishing is a sport practiced by thousands of Portuguese, that have in their Federation the affirmation of their commitment to be, once more, stage to this great International event, mirroring the feeling of our anglers in welcoming the ones who will grace us with their participation.

In the name of FPPD, and in my personal name, I wish all who visit us a great stay and that this Championship reach your expectations and in an environment of peace, fair-play and, above all, friendship.

FPPD

The President

Carlos Baptista

Welcoming Message

We are very pleased to welcome in our city the 28th World Championship Shore Angling for Clubs. Albufeira is a city facing the sea and this is, without doubt, our main attraction. We have about 30 kilometres of coast, with all the beaches certified with “Blue Flag”, sine of environmental excellence. We are, for all those reasons, one of the main beach destinations of our country.

But Albufeira is way more than that. Every day we have more activities and attraction factors, which last way longer than the bathing season and make Albufeira a destination to have in account all year long.

Sport in general and Sportive fishing particularly give their contribution for the valorisation of our destiny. It's good to know that we are searched to receive the various sportive competitions which make a great impact in the socioeconomic development of Albufeira.

This Championship is another happy example of this reality and, as such, it couldn't be carried out without our support. This being a World Championship that with have a great sportive component, but it's also an unique experience, for the social component and to represent the opportunity to join so many and good competitors.

To all the involved, I wish a great stay, that everything runs in the best way and that in the end you feel a little bit closer to Albufeira.

José Carlos Rolo

President of the Albufeira Townhouse

Competition Venues

Tomates Beach

The Tomates Beach is also known as the west part of the Rocha Baixinha Beach and it's situated inside the bigger Falésia Beach extended on the long coast. Here, the occidental cliff loses its original and imponent height, giving space to vegetation.

Salgados Beach

With an extensive sandy area, the Salgados Beach contrasts with the other Albufeira Beaches for the landscape diversity, as instead of cliffs, the background of this beach is formed by a cord of golden dunes. Beyond the dunes, it's the Salgados Lagoon, point of passage of numerous migratory birds.

Rocha Baixinha Beach

The Rocha Baixinha Beach is a calm zone at the extreme east of the extensive Falésia Beach. Close to the Marina of Vilamoura, one of the poles of great animation in the Algarve Area, this beach is divided into two areas: west and east.

The environmental quality of this beach was recognized by the attribution of the blue flag.

ESSENTIAL ANTI-DOPING ADVICE

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.
