ESSENTIAL ANTI-DOPING ADVICE

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.

Email: office@cips-fips.com

Every athlete has a right to clean sport

WORLD ANTI DOPING AGENCY

RECOMMANDATIONS CLÉS EN MATIÈRE DE LUTTE CONTRE LE DOPAGE

Les sportifs qui prennent des médicaments sont tenus de vérifier si ceux-ci figurent sur la liste des substances et méthodes interdites par l'AMA.

Des précautions particulières doivent être prises lors de la prise d'antihypertenseurs, en particulier de diurétiques, qui sont disponibles à la fois comme préparations individuelles et en association avec d'autres médicaments normalement autorisés. Les diurétiques sont toujours interdits.

Pour ces raisons, chaque athlète ou fédération nationale doit vérifier la liste des substances interdites et, si nécessaire, demander une autorisation d'usage à des fins thérapeutiques (TUE). L'exemption pour usage thérapeutique doit être accordée avant de prendre une substance interdite.

L'autorisation d'usage à des fins thérapeutiques doit être soumise 30 jours avant la participation aux championnats. Les formulaires de demande doivent être remplis avec soin et avec la permission de votre médecin. Le certificat ou l'ordonnance d'un médecin n'autorise pas en soi l'athlète à utiliser la substance ou la méthode interdite.
