## 29<sup>th</sup> Big Game World Championship

From 18 to 25 September 2021 – Pesaro (PU)

I am very honored to welcome you all to this wonderful event. Organizing, in this historical moment, such an important competition of international level is not easy at all, so I warmly thank the willingness and sensitivity shown by the organizers and the local authorities in accepting this commitment. I also thank all the athletes and national teams who have joined the event and who once again give evidence of the importance of sport as an engine at a social

level.

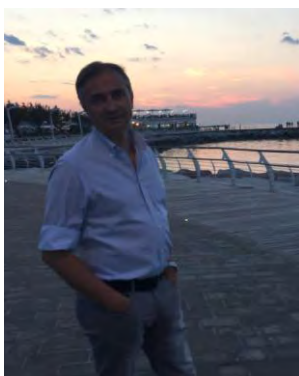

As a President at National as well as International level of a Sports Federation, I am honoured to hosting and supporting the 29<sup>th</sup> Big Game World Championship, accepting the strong request of athletes and Clubs to continuing practicing their beloved sport, especially for a sport such as sport fishing that takes place in open air entailing a very low risk of infection.

This amazing territory has already proved, in the past, its enthusiasm and skills for the organization of high-level sports events and I am certain this time also it will rise to the occasion.

In this special period of suffering for the population worldwide, I wish to athletes, captains, authorities, volunteers and supporters of this sport to experience one week of carefree and of physical and moral wellness. Let the sport help us overcome this moment and might it confirm as fundamental element for the physical and mental development of humanity!

**FIPSAS President**

**Prof. Ugo Claudio Matteoli**

The **Club Nautico Pesaro ASD** is pleased to present the 29<sup>th</sup> Big Game World Championship that will take place in our city from 18 to 25 September 2021.

Since early 80's, the Club Nautico Pesaro has been practicing big game drifting of bluefin tuna, gaining important results at a national and international level and becoming, more and more, a sport and recreational reference for all those who passed through this clubs over the years.

Hoping that the commitment we put into the organization of the event will give you unforgettable days dedicated to Sport and Friendship, we wish to express to everybody warm greetings.

**Club Nautico Pesaro ASD**  
**The President**  
**Dott. Francesco Galeppi**

On my name and on behalf of the Surface fishing sector of the Italian Federation, that I am honoured to represent, I am delighted to express my warm welcoming to the participants of the 29<sup>th</sup> Big Game World Championship in Pesaro.

I have recently taken the new charge as Person responsible for the Surface Fishing in Italy and, despite the many difficulties due to the historical moment we are living now, I felt the strong and huge necessity to support the practice of our beloved sport and the development of sport events at national and international level as an opportunity for the individual, in general, of a physical as well as mental wellness.

I am aware of the complexity and the uncertainties of the period, so I thank the sports institutions and the local authorities for their availability and sensibility demonstrated for the organization of this event and for the special care and attention paid for the success of this happening. I am certain that the traditional Italian and, in particular, Marche hospitality will be highly appreciated by athletes, managers, captains and accompanying people of all Nations.

May my special thanks reach all those who, at different level, will join the event and will work for its success, in such a difficult social and historical time, that requires at the same time unprecedented commitment and enthusiasm.

On behalf of the Surface Technical Committee, I express my warmest greetings and the wish to spend some days full of sport, amusement and fair play, regardless of what the result will be.

#### **Person responsible of the FIPSAS Surface Sector**

**Antonio Fusconi**

Pesaro will be, from 18 to 25 September 2021, at the centre of the Big Game world, since the competition venues selected for this event are the dream for all the athletes practicing this discipline of Bluefin tuna.

The hospitality and the stay in Pesaro, with its natural beauties, its clean sea and full of fish, its extraordinary climate will be universally appreciated. The splendid structure of the Club represents a perfect frame of the event and I am certain it will mark the history of FIPS-Mer.

Therefore, I have no doubt that the Circolo Nautico Pesaro, under the guidance of the versatile President Francesco Galeppi, will put in place all resources as to make the event have the desirable success.

Finally, let me address a special thank to the Civil and Military Authorities and to all those who, organizers and participants, will work for the good success of this extraordinary event.

Good luck and let the best win.

#### **Vice-responsible of the Surface Sector of FIPSAS – Sea Fishing Division**

**Stefano Sarti**

The Club Nautico di Pesaro, in collaboration with FIPSAS, is pleased to invite your Federation to participate at the 29<sup>th</sup> Big Game World Championship to be held from 18 to 25 September 2021 in the sea of Pesaro.

## **Presentation of the CLUB NAUTICO PESARO ASD**

The Club Nautico Pesaro is an amateur sports club founded in 1949 with the aim of developing and spreading, both in Italy and abroad, sports activities related to the practice of nautical sports in general, and fishing and sailing in particular. Through FIPSAS and FIV to which it is affiliated, the Club supports every year the competitive and educational activities that gave it the chance to obtain from CONI in 1986 **"the silver star for sporting merits"** and in 2008 **"the gold star for the intense activity carried out in the diffusion of water sports in over fifty years of history"**. Since the early 1970s, the Club Nautico Pesaro has proposed itself for the organization of important national and international sea fishing drifting events; since 2010 the national events (final leg of the absolute or team Italian championship and open events) have been repeated annually.

## **Location**

The headquarters of the Club Nautico Pesaro is located at about 2 km far from the historic center of the city and is located in the canal port; over the last ten years it has been profoundly renewed thanks to the contribution of the 362 affiliated Members registered at 31 December 2020.

On the first floor of the building there is reserved for Members and their guests starred chef, masterfully interprets the sea.

## **Pesaro, European City of Sport 2017**

Pesaro, equidistant from the Ancona-Falconara and Rimini airports (about 35 km), overlooks the Adriatic Sea: with its beaches, the neighboring hills, the rhythms on a human scale, the cultural events that animate it especially in the summer time, has made hospitality a polite vocation.

The crews will not fail to appreciate the pleasant historic center of Pesaro which hosts, among other things, the house of Gioacchino Rossini who was born here, the Theater owned by the famous composer and the Music Conservatory.

Another unmissable stop will be the Renaissance city of Urbino, an important university seat and home of Raffaello Sanzio, where we can admire the magnificent Palazzo Ducale.

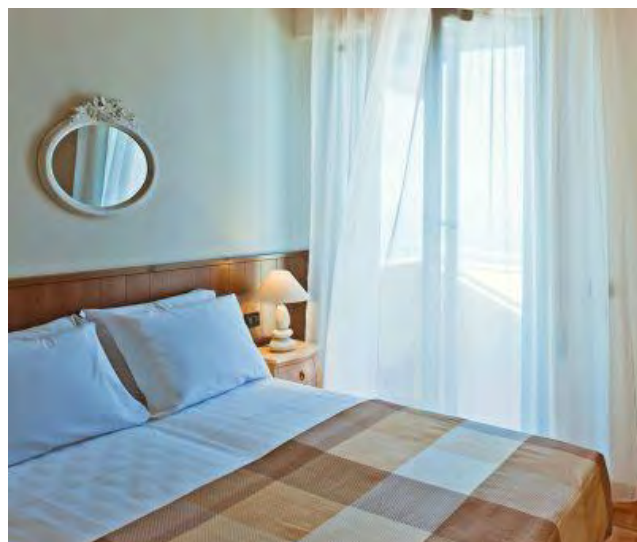

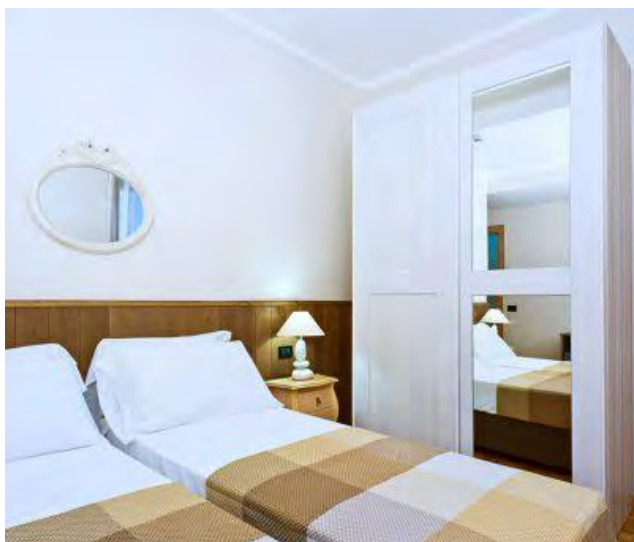

Our city and sport have always walked side by side and grown together. The important recognition received in 2017 as a European city of sport testifies to the policies, programs and initiatives put in place by public administrations in this area: from motorcycling to basketball, from rugby to tennis, from swimming to gymnastics, many Pesaro athletes and many sports clubs have honored the Italian flag.

## **Official Hotel**

The structure that will host the delegations is Hotel Ambassador in Pesaro. The hotel is located 15 minutes by foot far from the Circolo Nautico of Pesaro. Address: Viale Trieste n. 291 - 61121 Pesaro (PU) - Italy Tel. +39 0721 371527 [info@ambassadorpesaro.it](mailto:info@ambassadorpesaro.it) [Hotel 3 Stelle Pesaro - Hotel Ambassador \(ambassadorpesaro.it\)](#)

## **ESSENTIAL ANTI-DOPING ADVICE**

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.
