Message from the Most Worthy

Mayor of Vila Real de Santo António

Dr. Álvaro Araújo

The Sea is one of the elements that best defines and distinguishes the Portuguese people.

It was by the sea that we were born and it was through it that we conquered, expanded and raised the name of Portugal in the world.

It is with deep satisfaction that I salute the Portuguese Federation of Sport Fishing and the Regional Association of Sport Fishing of the Algarve, for holding the Sea Float Angling European Championship, which takes place from the 17<sup>th</sup> to the 23<sup>rd</sup> of October 2022, in Vila Real de Santo António.

This land, which is surrounded by river and sea, is proud to host a sporting competition at the highest European level. Vila-Realenses esteem and practice the sport, which has had a remarkable development here. Our region has the ideal conditions for the practice of Sport Fishing and, therefore, we must promote its development.

I must congratulate myself, on behalf of all Vila Realenses, for the strong support that this sport has had in our region, mobilizing practitioners of all ages.

Sport is always synonymous with a healthy nature and physical and psychological resourcefulness, for those who practice it. It is a source of satisfaction and pride for us to host this event, promoted by the Portuguese Federation of Sport Fishing and the Regional Association of Sport Fishing of the Algarve, which have fought so hard for the development of this sport in the region, through other initiatives carried out with great success.

I therefore address a word of acknowledgment to those responsible for all the valuable initiatives they have developed within the scope of this modality and for choosing Vila Real de Santo António to host this great sporting event.

A grateful blessing, in my name and in the name of our land.

## **ESSENTIAL ANTI-DOPING ADVICE**

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.
