# 30<sup>th</sup> Big Game World Championship

September 10 to 17 2022 – Pescara (PE)

PESCARA 2022

A warm welcome to sport friends.

I am very proud and happy to extend, on my name and on behalf of the Italian Federation of Sport Fishing and Underwater Activities (FIPSAS), the sincerest welcome to all participants in this important world championship, which will be held from 10 to 17 September 2022 in Pescara.

I am absolutely certain that all the athletes, managers and judges who will reach this splendid territory will have the opportunity to know and appreciate the beauties of these places and the hospitality of the Abruzzo population and all those who have made the utmost effort to make successful the organisation of this important sport fishing event.

In renewing, therefore, my sincere welcome to all participants, I also hope they will be able to live together wonderful days under the banner of Sport.

Let me address a special "good luck" to all the referees who are called to direct the scheduled competition, ensuring its complete regularity, certain that even on this occasion they will be able to make the professionalism and skills available to Sport, as they have demonstrated it on previous occasions.

Finally, I feel the duty and the pleasure to thank the Organisers, the local Authorities and all the journalists present at the event for their support and their contribution to the success of this event.

FIPSAS President  
Prof. Ugo Claudio Matteoli

From 10 to 17 September 2021 the whole world of Big Game will have its eyes on the city of Pescara which, with its rich and fishy waters, will be the scene of great challenges. The complex organisation of a Big Game World Championship will be masterfully managed by the Organising Committee which avails itself of the collaboration of one of the most important marinas in Abruzzo. Not new to these commitments, the Organising Committee has already shown in the past years an impeccable organisational reliability so I am sure that, also in this event, they will demonstrate their skill and availability and all their preparation to the whole world.

Let me, therefore, thank those who are working to make this World Championship an event to remember and also the Authorities who will be present and who will give prestige and visibility to all the nations that will participate. For all this I can only invite you to register because Pescara, through its beauties and its food and wine, will be able to charm its guests. I am sure that this edition, like the previous one, will remain engraved in the memories of FIPS-M as an example for future events.

Vice President of the FIPSAS Surface Fishing Sector  
Sea Fishing division  
Stefano Sarti

The **A.s.d. Dolphin Club of Pescara** is pleased to present the 30<sup>th</sup> edition of the Big Game Drifting World Championship in to be held in the city of Pescara from 10 to 17 September 2022.

The A.s.d. Dolphin Club has distinguished itself at a national level for the organisation and excellent success of the Italian Coastal Trolling Championships in 2014 and in 2018 and, in 2021, of the 36<sup>th</sup> edition of the Italian Drifting Championship.

Today we hope that the participants in this edition of the World Championship will keep a good memory of Abruzzo and the maritime vocation that has always been a distinctive feature of our city. Looking forward to meeting and hosting you in Pescara, we cordially greet everyone.

Maurizio Scurti  
President of A.s.d. Dolphin Club

## **INTRODUCTION OF THE A.S.d. DOLPHIN CLUB PESCARA**

The A.S.d. Dolphin Club of Pescara is an amateur fishing company founded in 2011 with the aim of developing sport fishing in the sea of Abruzzo region.

It is affiliated to CONI and F.I.P.S.A.S. with which it collaborates and from which it has received important national awards. In fact, in 2014 and 2018 it had the honour of organising the Italian Coastal Trolling Championship and, in 2021, the 36<sup>th</sup> edition of the Italian Drifting Championship for crews.

All editions have had very high numbers of registrations because the participants know that coming to compete in Pescara also means finding a friendly environment, great food and a great willingness to socialize and friendship which are fundamental values in sport.

Of course, also for this edition of the World Championship we are managing to ensure maximum collaboration with all participants and, once they leave, may keep a good memory of the event, of the organisation, of the city of Pescara and of all Abruzzo.

## LOCATION

The A.s.d. Dolphin Club operates within the touristic port "Marina di Pescara", a structure with almost a thousand berths from six to thirty-five metres.

Inside the marina there are three restaurants that can satisfy lovers of fish, meat and pizza. For the event we will have the Becci pavilion available which, for the occasion, will be transformed into "Casa Italia" and will be the reference and meeting point for competitors, the jury and for all those who will be involved in the event.

BECCI PAVILION "CASA ITALIA"

## PESCARA, CITY OF D'ANNUNZIO

The city of Pescara can be reached by flight thanks to the "Liberi" International Airport, 4 km away from the tourist port, location of the 2022 Big Game World Championship.

Pescara is 200 km away from Rome's "Fiumicino" international airport and there is a continuous bus connection with Pescara (it takes two hours by bus to connect the two cities).

Of course, Pescara is connected by "Frecciarossa" trains with Milan and Bologna.

Pescara is the city of the poet Gabriele D'annunzio and whoever comes to visit us will be able to visit his birthplace.

In Abruzzo, it will be possible to visit the national parks of Abruzzo, Maiella and Gran Sasso-Monti della Laga; it is no coincidence that our region is known world-wide as the "Region of parks".

## LODGEMENTS

The Regent Hotel in Pescara will host the athletes' delegations. ## **ESSENTIAL ANTI-DOPING ADVICE**

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.
